Easily learn to read faster

Have too much written information to digest? It sure would be easier if you could speed through the reading.

Speed Reader Enhanced helps you learn to speed read. Simply load up a text file, PDF or copy and paste a selection of text. Then click Show Reader to start reading.

The program displays one word at a time so you become accustomed to reading without vocalizing. You can adjust the display speed to your level as you improve. It also gives you control of the font, font size and colors for easier readability.

Train your brain with free games

Sometimes the simplest games are the most fun. Turns out, they are also pretty good practice for your brain too.

This site has 38 classic games for you to try. Games for the Brain features Chinese Checkers, Chess, Sudoku, Mahjongg Solitaire, Checkers and Reversi.

Other lesser known games include Memocoly, The Game You Can't Stop, and Dragger.

But be careful. Some of these games are addicting and you will wonder where the time went!
