

**January 12, 2009**

**General Meeting and Fundamentals SIG**

**We will start today's meeting with a message from John Allen.**

Photo SIG Notes from Mon-Jan 5th meeting:

Team, our January 5, 2009 meeting with the Holiday Photo contest was a big success. We had 10 participants with lots of photos to choose from. We selected a first and second place winner.

These photos are posted on the website. Thank you all for participating.

**First Place:** Barry Monaco with his photo of THE LADY

**Second Place:** Beryl Davey with her photo of the WINTER MARSH

We are updating the Photo SIG Calendar on an on-going basis with new topics.

We are going to do a 4 session series on Landscape Photography starting in February, which will take us through the May meeting.

1. Our February session is an introduction to Landscape Photography.
2. In March we go out and do a photo shoot of landscapes.
3. The April session will offer composition tips & techniques on our photos taken.
4. In May, our session will offer tips & techniques for editing to improve the overall photo presentation (again, using our photos from the March Photo Shoot).
5. This 4 session series is a first for us in a long time. We encourage as many of you as possible to block out all 4 dates and participate in the series.

For June & beyond, we will move to other topics and speakers. Happy New Year to everyone, and see you February 2nd. John Allen

in 2007.

**Note 2:** This is an elected position again this  
year. Because Carole is serving as President  
for another year, there is no past president  
for 2007.

## MISSION STATEMENT

It is the mission of the WNCC to **improve the literacy and enjoyment of computers and computer related activities for residents of the Waccamaw Neck**. This will be accomplished through direct activities of the Club and through support of the Georgetown Public Library in their community related activities.

### What we are striving for:

#### Our Goal

It is the goal of the WNCC to provide programs which meet the interests and needs of its members through monthly general meetings and Special Interest Groups.

Those members who have a strong background in certain areas will be **expected** to provide leadership and support to those who are interested in learning.

**Each club member will be expected to volunteer to help with club activities**, which also includes support for the Library activities. Underlying all of the clubs activities will be an up-to-date, functional, and well-crafted Internet website that will be the focal point for all communications.

### Our aim is to do the following:

- Make each member self-sufficient in using the club website.
- You will be instructed and expected to update your personal information every time you experience a change in your information:
  - Name Change
  - Telephone Number Change
  - Email Address Update
  - Your interests – either add or delete yourself to a SIG listing to receive emails and information.
    - Enable you to make informed decisions as pertains to the use of your pc
  - Fundamentals
  - Hints and Tips and Tricks
  - Backing Up your PC
  - Net and Email etiquette
  - Security
    - Serve as a forum for your questions – including the use of our own forum on the website
    - Keep you up-to-date with latest technology or services available

- Provide Special Interest Groups for specific topics
- Run workshops for hands on learning – possibly on the fifth Mondays of the month
- Additional dates if desired
- 

**YOUR RESPONSIBILITIES**

- Attend monthly meetings
- Contribute to the cost of running the website
- Make us aware of what YOU want to learn
- Help find topics or presenters for monthly meetings
- Use the club website!!!!
- Share information on good and particularly **bad** things you know about re. computers ie;
  - Programs that don't work
  - Business that are undesirable
  - Tricks that worked for you
  - Sources of information to share
  - Help each other
  - Reliable repairman/woman
- End.....

[www.get2human.com](http://www.get2human.com)

go to their “printable list” and find out what buttons to push n order to speak to a HUMAN!

Example of their website is below:

Company	Get2Human	Phone
1-800-FLOWERS.COM	Press 2 at each prompt.	<a href="tel:800-716-4851">800-716-4851</a>
407ETR (Canada)	Just wait	<a href="tel:888-407-0407">888-407-0407</a>
AAA	Press 0 at each prompt, ignoring messages.	<a href="tel:800-222-4357">800-222-4357</a>

Company	Get2Human	Phone
AARP	Press 0.	<a href="tel:888-687-2277">888-687-2277</a>
AARP Healthcare	Press 1; at prompt press 4.	<a href="tel:800-523-5800">800-523-5800</a>

[www.dialahuman.com](http://www.dialahuman.com)

This is another website that will show you how to get to speak to a HUMAN!

It gives you the same basic info as the above site but has some different companies listed.

**MSN Music Tracks get a stay of execution**

MSN Music service is authorized through 2011. Anyone that bought music tracks will have three more years to transfer the files to a new computer without losing the ability to play them.

**Notes of discussion after the meeting**

- We will hold at least one fundamentals session for women only, most likely on a Sat. morning
- Please write down or store your various passwords where family members can easily find them in the event of your sudden death or ill health
- John Eveleigh will be the chair for a fund raiser raffle for the cost of the website
- We have specific requests for the next fundamentals session
  - how to save an email to a folder on your desktop or a document folder
  - How to find out if you have downloaded certain MS updates

The address to send your Christmas Card front sections to is:

St. Jude's Ranch for Children

Card Recycling Program

100 St. Jude's St.

Boulder City, NV 89005

Kathleen Libbey is teaching computer and Picasa classes at CCU in their Myrtle Beach and Georgetown locations. Please pick up a course catalogue at the college for details.

Vista Problem discussion – Automatic Updates start randomly and destroy the document that is currently being worked on! Solution- Start/Control Panel/Windows Update/UNCHECK AUTOMATIC DOWNLOAD and CHECKMARK- MANUAL OR CHECKMARK AUTOMATIC DOWNLOAD BUT MANUAL INSTALL

Tip - Click on Start button while holding down E will take you to Windows Explorer

Website suggestion – [NORECESSIONFORME.COM](http://NORECESSIONFORME.COM) which is one of our club members son's websites that may be of interest to you.

June 2009 will be a computer equipment swap session. If no one takes your contribution you need to take it home.

Maritime Academy in Georgetown wants any and all computer equipment you don't want. They use it to train boys for future jobs.

Discard junk pc equipment at the recycling center off Petigrue Rd in Pawleys Isl.

Charlie Ferguson will give a lesson on Skype at a future General Meeting .

How do you know if you pc has XP Service Pack on it?

Go to Start/Control Panel/System and it will show you what version you have installed,  
Windows XP Service Pack 3.

How can you check to see what updates have been installed?

On Windows XP go to Start/Control Panel/Add & Delete and put a check mark in the box that says – show updates and start it.

In Vista go to Start/Control Panel/Windows Updates and double click. All installed updates will be listed.

Belarc Advisor is a program that you may download from the net for free and it will show you everything you might want to know about your pc. This is good to print out and keep in a safe place in case your pc ever crashes.

Questions? Carole at 843-235-3756 or [carolegumbert@verizon.net](mailto:carolegumbert@verizon.net)
